

ESSEX JAMME MASJID

BRIEF HISTORY

Established in 1986, The Essex Jammeh Masjid is located in Southend on Sea, near the town centre which is a nice spot for tourism. The mosque always welcomes Muslim tourists from in and abroad the country. Apart from the five-time congregational prayers, Jumu'ah and Eid prayers, The Essex Jammeh Masjid also conducts various other religious activities. These activities are proving to be very successful, helping the local Muslim community both religiously and morally

PRESENT ON GOING PROJECT AND ACTIVITIES

With the grace of Allah, the mosque has been serving the community which Alhamdulillah has expanded over the years thus overgrowing the Mosque's current available facilities.

Realising these mentioned difficulties, the local community decided on expanding the mosque as an alternative to buying a bigger premises. Alhamdulillah now we have found a vacant church including four adjacent residential dwellings costing £850,215 which will fulfil all our needs and requirements as a Mosque. The principal aim of the project is to increase and improve our services to the community to provide Islamic teachings and other religious needs which will be great for generations after generations to meet their needs in religion, education and training.

The purchase price of the church including its renovation and legal costs will stand at £1 million pounds.

FUTURE PLAN

We are planning to facilitate a fully functional educational institution so that we can accommodate Islamic education alongside the National curriculum. We will also be expanding our facilities to enable us fulfil our goal in meeting the needs of our community as well as pleasing Allah (SWT).

FUNDS NEEDED

Immediate need for the development of the new Masjid (Prayer Hall) - £200,000 and the loan of £500,000, totalling £700,000 to complete transforming the Church into the House of Allah.
