

BRIEF HISTORY

Islamic Help was launched with the principle motive of helping mankind in all possible walks of life. The grave poverty and the catastrophic events are saddening and shocking reminders of the horrific sufferings endured by millions around the world.

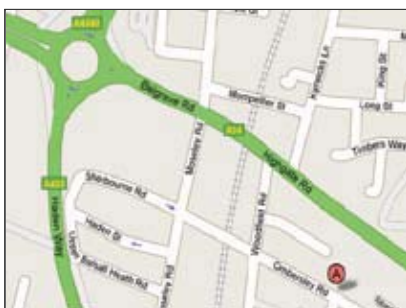

PRESENT ON GOING PROJECT AND ACTIVITIES

The last year has unfortunately seen many natural disasters, such as Sidr in Bangladesh, the South Asian Earthquake, as well as the Java Earthquake. The Lebanon crisis, as well as poverty in Niger and Mali, coupled with continuous work in the Tsunami affected Indonesia has meant it a very busy period for Islamic Help.

Islamic Help is running a refugee camp south of Darfur in an area called Nyalah. Nyala is the capital city of this state. Here Islamic Help are catering for over 700 families each family consisting of around 7/8 members (approx 5000 people) by providing them with education, medical, shelter and food.

FUTURE PLAN

In the process of achieving our motive, Islamic Help has achieved great success with your assistance. Your support and generous donations have made a difference to thousands of lives around the world including Bangladesh. We would like to expand on our efforts and help more and more people, especially in the current climate of alarming number of natural disasters.
