

BRIEF HISTORY

Mozidia Trust, established in 2003, with its charitable goals, intends to render such causes of suffering and provide communities with amenities to ensure a life of good health, safety and comfort.

PRESENT ON GOING PROJECT AND ACTIVITIES

Ideal Health Complex Hospital, 1st Stage - Mother and Child health care unit is completed. Outdoor and indoor health care facilities are provided free of charge.

Facilitating the increasing number of Musallis in the Masjid and provide facilities for Islamic Lectures. Mozidia Trust UK is funding the health complex's running cost. Hospital staff salaries, equipment costs and other accessories take the total running cost to nearly £4000 per month

FUTURE PLAN

Ideal Health Complex Hospital plans to build facilities for 100 beds in three stages. 1st stage is now completed. Currently the project is in its 2nd phase progressing towards building 50 beds. The project has been slowed due to shortage of funds. Estimated cost of phase 2 is appr. £3.16m.

FUNDS NEEDED

Further equipment and the establishment of a complete hospital pharmacy, hospital maintenance and staff salaries as well as additional operational fees for the next year requires an immediate injection of £150,000
