

SWANSEA MOSQUE

BRIEF HISTORY

Swansea Mosque has been established since 1983, and has been serving the growing Muslim community providing prayer, educational, dawah and social services to the Muslim Community of Swansea and South Wales.

Our community is growing year on year and our current facilities are inadequate to cope with the growing demands.

On Friday prayers we are not able fully accommodate, all rooms are to maximum capacity, people have to resort to praying in stairs and corridors, some leave due to no space. We are unable to take on additional students in our madrasa, all our rooms are to maximum capacity. The new masjid will Insha-Allah provide us the additional prayer spaces and facilities needed to serve the growing community.

PRESENT ON GOING PROJECT AND ACTIVITIES

By the Grace of Allah (SWT) we have already commenced the building of our new Mosque and Community Centre. The work will Insha-Allah be completed in the following stages:

Stage 1: Currently we are demolishing the rear extensions of the Building which is due to be completed by end of September 2008.

Stage 2: Thereafter we will start work on the main section of the building.

FUTURE PLAN

Once the main section of the building is complete we will build the rear section, which will be a new 3-floor building and a basement. This will provide us with additional prayer spaces, specific rooms for sisters, classrooms, and activities rooms.

FUNDS NEEDED

Funds needed for this section £750,000 (approx)

Work: We need to build a basement, which will contain (wudhu/toilet separate for male and female; 4 basement rooms, baby changing rooms etc) Build the ground floor, which will be the main prayer room, housing around 600 persons. To erect columns and beams for the first floor, which will serve as prayer room and multi purpose room. This hall can accommodate around 600 persons for salah.
